What is your feedback about our product?

■ Native ads are a nice unique addition to our game.

Has there been any loss in users and their retention after GreedyGame?

■ No

Have you received any negative feedback about our ads in the PlayStore reviews or any other forum like Facebook or Twitter pages?

■ No complaints

“

*We were looking how to increase revenue from our games and we perfectly found this in these types of ads, that aren't that disruptive as Interstitials.*

”

## ABOUT GREEDYGAME

GreedyGame is a native ad platform which helps game developers/ publishers to earn money through in-game ads.

Through our solution, developers get an opportunity to monetize in-game assets while consumers enjoy the games even more without any interference in their gameplay. Many a times addition of native ads make the gameplay more realistic.
